### About Integrate Health

Integrate Health (IH) is a rapidly growing global health organization working to serve rural and remote communities in Togo, and in Guinea, West Africa. We believe that access to healthcare is a human right, and we are committed to making this a reality by partnering with governments and local communities to make quality primary healthcare accessible to all. We implement and study an integrated approach to strengthening primary healthcare delivery in order to achieve universal health coverage.

By integrating professional Community Health Workers with improved care in public clinics, this approach creates a patient-centered health system that is accountable to the community and dramatically reduces mortality in severely resource-limited settings.
